

CONRAD RECEIVES ISO 9001:2015 CERTIFICATION

Morgan City, LA: Conrad Shipyard has announced that it has received ISO 9001:2015 certification for Conrad Shipyard, Conrad Deepwater, and Conrad Shipyard Amelia from the ANAB internationally accredited registrar ABS Quality Evaluations. Johnny Conrad, Chairman, President and CEO made the announcement:

“I am extremely proud of our team for their hard work in the attainment of this important milestone. It provides a tangible and internationally recognized commitment to our customers that we will continue to provide the highest quality marine vessels,” he said.

Companies that achieve management system certification to ISO 9001:2015 have demonstrated effective implementation of their Quality Management System, including: the company’s commitment to its customers; the establishment of clear policies; good planning and implementation; good resource management; efficient process control, measurement and analysis; and, continual improvement institutionalized.

About Conrad Shipyard

Conrad Shipyard was established in 1948 and is headquartered in Morgan City, Louisiana. The company designs, builds and overhauls tugboats, ferries, liftboats, barges, offshore supply vessels and other steel and aluminum products for both commercial and government markets. The company provides both repair and new construction services at its five Gulf Coast shipyards located in southern Louisiana and Texas.
